REMARKS

The title has been amended to correct an obvious typographical error.

Original claim 3 has been amended to produce new amended claims that are not multiply dependent in order to reduce official fees. New claim 14 has been added to provide similar coverage. Other claims have been amended to remove the word "packet" therefrom or to transform from a dependent claim style to an independent claim style. Other main amendments have also been made which should be self-explanatory. Once examination on the merits has begun, the Applicant may elect to amend new amended claim 3 to make this claim multiply dependent or to add additional claims to this application to provide coverage similar to, broader than, or narrower than the present claims. These amendments have not, in any way, narrowed the claims.

Amendment of the subject application is respectfully requested.

Respectfully submitted,

Richard P. Berg
